# Inside Signal Processing eNewsletter

January 2010

Society News	Conferences & Publications	Initiatives & Trends	Education & Resources	New Books & PhD Theses	Research Opportunities
--------------	----------------------------	----------------------	-----------------------	------------------------	------------------------

## Featured Article

Four SPS members have been selected to receive prestigious IEEE Medals in 2010. They are: **Ray Dolby** (Dolby Laboratories, Inc., San Francisco, CA) for the IEEE Edison Medal; **John M. Cioffi** (Stanford University, Stanford, CA) for the IEEE Alexander Graham Bell Medal; **Ronald Schafer** (Hewlett Packard, Palo Alto, CA) for the IEEE Jack S. Kilby Signal Processing Medal; and **Alfonso Farina** (SELEX-Sistemi Integrati, Rome, Italy) for the IEEE Dennis J. Picard Medal for Radar Technologies and Applications.

## Highlights

**Society News:** 38 SPS Members Elevated to IEEE Fellow // Call for Nominations – IEEE Division IX Director, SPS Regional Directors-at-Large and Member-at-Large Elections

**Conference News:** Call for Proposals to Host MMSP Workshop 2011

**Publication News:** IEEE Transactions on Mobile Computing Editor-in-Chief: Call for Nominations

**Technical Committee Updates:** from the Multimedia Signal Processing TC and the Design and Implementation of Signal Processing Systems TC

**Chapter & DL News:** Upcoming Distinguished Lecturer and Useful Chapter Resources

## About the eNews

The **Inside Signal Processing eNewsletter** is a monthly electronic newsletter that complements the bi-monthly *IEEE Signal Processing Magazine* to serve the members in the IEEE Signal Processing Society. Through email notification and expanded coverage on its website, the eNewsletter provides members with timely updates on society and technical committee news; conference and publication opportunities, new books, and Ph.D. theses; research opportunities and activities in industry consortiums, local chapters, and government programs. Learn [more about us](#).

## Never miss eNews - Sign up for RSS feed

Check out [here](#) or follow these [step-by-step instructions](#) to subscribe. It is easier than you thought.

**[Initiatives & Trends](#)**: State-of-the-Art Image Sensors and Signal Processing in NASA's Space Telescopes

**[Education & Resources](#)**: Lecture Notes on Signal Processing for Nonintrusive Vocal Tract Pathology

**The IEEE Signal Processing Magazine eNewsletter Team**

**Area Editor for eNewsletter**: Min Wu

**Associate Editors**: Pascal Frossard, Alessandro Piva, Yan Lindsay Sun, and Z. Jane Wang

**IEEE Signal Processing Magazine Editor-in-Chief**: Li Deng

**Contribute to eNews**
